Dear Clarke:

We would much appreciate it, providing we don't throw you out of your usual routine, if you could send us down samples of those boxes that you spoke about when you were here. We are running very low on that small-sized box and should have a new supply made at once.

I trust you enjoyed your peep at our Museum.

Very truly yours,

Dear Sir:

One of our members desires 400 boxes, white, like sample enclosed as to size but without the gold edges. If this is not too small an order for you to trouble with, will you kindly quote a price and give me a rough idea of how long it will take to have these made.

Very truly yours,

Secretary
